What is a Colorado Medical Assistance Site?

August 2022

A Medical Assistance (MA) Site is a designated site certified by the Department of Health Care Policy and Financing (the Department) to accept and process the State authorized medical assistance application for Department administered programs. The Department was authorized to establish MA sites by Statute (CRS 25.5-4-205 et seq). MA Sites use the Colorado Benefits Management System (CBMS) to determine eligibility for Health First Colorado (Colorado's Medicaid Program) and Child Health Plan Plus (CHP+).

Why were MA Sites created?

- To provide enrollment services at community-based schools, health centers, and other approved agencies

What are the benefits of using an MA Site?

- Increased accessibility of eligibility sites within communities
- Alternative source of assistance for completing the application process
- Timely eligibility determinations through CBMS
