

Dear Mentorship Provider,

Assistance is requested in evaluating the Home and Community-Based Services (HCBS) Mentorship service offered through the Supported Living Services (SLS) waiver.

The purpose of this evaluation is to ensure that the current service rate accurately reflects the full scope of activities and support provided, and that it is equitable for all providers.

Complete all applicable fields in this [evaluation document](#) and submit to Corinna Barrack at Corinna.Barrack@state.co.us by January 31, 2026.

Feedback is essential in this process. Participation and the ongoing support from Health First Colorado providers is valued.

Thank you in advance,

Department of Health Care Policy & Financing
