## Where We Are Headed

One place for eligibility and options counseling functions, separate from case management

CMAAs serve all people needing LTSS

Alignment across and reduction of HCBS waivers, waiver with a menu of services

Everyone can access individualized budgets and self-directed service options

Social determinants of health incorporated into HCBS programs

Right level of oversight of internal operations, vendor operations, and providers, carried out by the right people

Cost-appropriate and sustainable LTSS system as population grows

## Increase Oversight & Stewardship

### Projects

1. Electronic Visit Verification (EVV)
2. Implementation of HCBS Settings Rule
3. Improve Oversight of CMAAs
4. Regulations for State Supported Living Services

Focus on Affordability
