

COLORADO
Department of Health Care
Policy & Financing

Dear Obstetrics and Maternity Healthcare Providers,

The effective date for the required obstetrical (OB) billing changes for OB Global billing is anticipated to be postponed until July 1, 2023, due to reported billing concerns. The initial effective date was June 1, 2023.

Effective July 1, 2023, OB providers will be required to modify their OB Global billing process to include reporting and documenting prenatal (antepartum) and postpartum visits and these associated dates of service.

The testing of required system modifications is in progress. An additional option to capture the required billing changes, including OB metrics, is being investigated.

Additional provider communications will be published as needed to specify OB billing information.

Contact Melanie Reece at Melanie.Reece@state.co.us for additional information.

Thank you,

Department of Health Care Policy & Financing
