Dear Provider,

Some surgery claims billed with the 80, 81 or 82 modifiers that were paid between March 1, 2017, and March 1, 2019, were overpaid. Per program policy, these modifiers indicate procedures performed by assistant surgeons and should be reimbursed at 20% of the allowed amount.

Affected claims will be reprocessed by DXC Technology (DXC) and funds recouped in the coming weeks. More information will be provided in future communications.

Thank you,

Department of Health Care Policy & Financing
