1. Call to Order

- Meeting Purpose

This newly created Protective Oversight and Accompaniment Documentation Addendum supplements the existing Health Maintenance Activities (HMA) Documentation Guide. The Department would like stakeholder feedback before providing this as a distributed resource.

This meeting is intended to review this newly developed guide as it relates to current rules and regulations. We are not looking at expanding these services or making policy changes during this workgroup.

- Introductions (new participants)
 - Name and role (Member, AR, Case Manager, IHSS Agency, HCPF, Advocacy Organization, etc.)
 - What is your previous experience regarding interpreting rule as it relates to Protective Oversight and Accompaniment?
 - What is one hope you have for this meeting?

2. Document Review

3. Stakeholder Feedback

4. Next Steps

- Finalize internal approval

- Publish the document for external use

5. Adjourn

Auxiliary aids and services for individuals with disabilities and language services for individuals whose first language is not English may be provided upon request.
