

Conflict of Interest Disclosure

The Pharmacy and Therapeutics (P&T) Committee applicants and members must disclose any financial, personal, professional, or other affiliation with organizations or entities that may have a direct or indirect interest in the business in front of the committee, as required by the Department of Health Care Policy & Financing (the Department).

This may include, but is not limited to, being a shareholder in the organization; being on retainer with the organization; being a member of an advisory committee or some other role in support of the organization, or having research, speaking engagements, or honoraria paid for by the organization. This requirement applies to one time, occasional, and on-going interactions.

The existence of such relationships will not automatically preclude an individual from being invited to join the P&T Committee.

Check the box that best applies. If unsure, complete a brief statement in the Additional Comments section below.

- Statement of No Conflicts**
 I do not have a current or recent (within the last 24 months) financial arrangement or affiliation with any organization that may have a direct or indirect interest in the business before the Health First Colorado (Colorado’s Medicaid Program) P&T Committee.
- Disclosures**
 I have a current or recent financial interest, affiliation, or am employed by an organization that may have a direct interest in the business before the Health First Colorado P&T Committee.
