- November meeting date- November 28th, 2024

PIAC UPDATE

Daphne McCabe, PMME Co-Chair

Behavioral Health Incentive Program (BHIP) *Recommended* *Performance Measures for* *ACC Phase3*

Presentation to Performance Measurement and Member
Engagement (PMME) on October 24, 2024 by HCPF staff
John Laukkanen and Emily Kelley

Background

- BHIP is funded under an administrative program through CMS.
- HCPF can pay up to 5% over RAE capitations as an administrative payment to incentivize quality. Since the capitations are ~\$1B per year, the pool is ~\$50M.
- 5 measures, each worth 1%.
- The dollars are matched at 50% from federal government.
- HCPF chooses measures to focus on areas where improvement is needed.

National Standards

- CMS Core Measures; What are they?
 - National standards for care; used to measure the quality of care provided to patients.
 - Based on scientific evidence and designed to improve patient outcomes by reducing complications & preventing recurrences.
- SAMHSA; What is that?
 - US Dept of HHS agency
 - Focus on improving substance abuse and MH treatment services.
 - In stewardship with CMS created technical guidance for CCBHC (Certified Community BH Clinics)

Current BHIP PMs

1. Initiation and Engagement of Substance Use Disorder Treatment
2. Follow-Up after Hospitalization for Mental Illness
3. Follow-Up after Emergency Department Visit for Alcohol and Other Drug Abuse or Dependence
4. Follow-Up Visit after a Positive Depression Screen
5. Behavioral Health Screening or Assessment for Children in the Foster Care System

*Behavioral Health
Incentive
Program Performance
Measures for ACC Phase3*

Initiation and Engagement of Substance Use Disorder Treatment

Measure Description

Percentage of new substance use disorder (SUD) episodes that result in treatment initiation and engagement. Two rates are reported:

1. Initiation of SUD Treatment. The percentage of new SUD episodes that result in treatment initiation through an inpatient SUD admission, outpatient visit, intensive outpatient encounter, partial hospitalization, telehealth visit, or medication treatment within 14 days.
2. Engagement of SUD Treatment. The percentage of new SUD episodes that have evidence of treatment engagement within 34 days of initiation.

Follow-Up after Hospitalization for Mental Illness

Measure Description

Percentage of discharges for beneficiaries age 6 and older who were hospitalized for treatment of selected mental illness or intentional self-harm diagnoses and who had a follow-up visit with a mental health provider. Two rates are reported:

1. Percentage of discharges for which the beneficiary received follow-up within 30 days after discharge
2. Percentage of discharges for which the beneficiary received follow-up within 7 days after discharge

Follow-Up after Emergency Department Visit for Alcohol and Other Drug Abuse or Dependence

Measure Description

Percentage of emergency department (ED) visits for beneficiaries age 13 and older with a principal diagnosis of substance use disorder (SUD), or any diagnosis of drug overdose, for which there was follow-up. Two rates are reported:

1. Percentage of ED visits for which the beneficiary received follow-up within 30 days of the ED visit
2. Percentage of ED visits for which the beneficiary received follow-up within 7 days of the ED visit

New Measures for ACCP3

- Follow-Up after Emergency Department Visit for Mental Illness
- Screening for Social Drivers of Health (SDOH)

Follow-Up after Emergency Department Visit for Mental Illness

Measure Description

Percentage of emergency department (ED) visits for beneficiaries age 6 and older with a principal diagnosis of mental illness or intentional self-harm and who had a follow-up visit for mental illness. Two rates are reported:

1. Percentage of ED visits for which the beneficiary received follow-up within 30 days of the ED visit (31 total days).
2. Percentage of ED visits for which the beneficiary received follow-up within 7 days of the ED visit (8 total days).

Screening for Social Drivers of Health (SDOH)

Measure Description

The Social Drivers of Health measure calculates the Percentage of members 18 years and older screened for the following:

1. Food insecurity
2. Housing instability
3. Transportation needs
4. Utility difficulties
5. Interpersonal safety

BHIP PMs ACCPhase3

1. Initiation and Engagement of Substance Use Disorder Treatment
2. Follow-Up after Hospitalization for Mental Illness
3. Follow-Up after Emergency Department Visit for Alcohol and Other Drug Abuse or Dependence
4. Follow-Up after Emergency Department Visit for Mental Illness
5. Screening for Social Drivers of Health (SDOH)

Discussion

Thank you!

Next Steps

- PCMP Payment and Quality discussions at PIAC/subcommittees

Thank you!
