  ➢ Work in progress for providing multiple paths to provide signature
• Page count for renewal packets have increased to incorporate member usability and ICR technology - May 2022 Renewals averaged 33 pages (17 pieces of paper)
  ➢ Monitoring to find additional ways to streamline member experience and maintain federal compliance
• Close monitoring these next few months to identify opportunities to streamline/tweak/improve all aspects of the renewal process
Eligibility Workforce

- Budget requests & supplementals to increase workforce for counties
  - Combination of new staff, temporary staff, overtime
- Overflow Processing Center (OPC)
  - State-funded and managed site for overflow processing starting at end of PHE
  - Support eligibility sites that are inundated with work
