Public Health Emergency

- Allows states program flexibilities during the public health emergency (PHE)
- Extending or ending the PHE is federal government's decision
- Can extend for **up to 90-days** at a time - been renewed every 90 days for nearly 2 years. Biden Administration has indicated they will give states 60 days notice prior to formally ending the PHE.

July 15, 2022	July 15, 2022	July 31, 2022	September 30, 2022

Appendix K HCBS Waiver emergency program flexibilities are in place until January 2023 (6 months after end of PHE).

Current PHE 60 days notice to states would be **May 16, 2022** unless extended again past July 15, 2022.

Renewal Timeline

Coverage Changes and Focus Populations

Coverage Changes

- New Coverage: Adults 65+ Buy-In begins in July
- Pregnant Women Postpartum 12-month coverage begins in July

Focus Populations

- Medicare eligible individuals
- Former Foster Care Youth

Renewals Strategy

Minimize impact on members and eligibility workers through:

- Enhanced ex-parte (use of interfaces and information on file for approval without member engagement)
 - The 1st month of ex-parte resulted in a 39% approval rate
- Reformatted renewal packet for clarity
 - Special call out on the newly required signature
- Enhanced online member tools (PEAK, electronic signature)
- Intelligent Character Recognition (ICR) to minimize data entry and improve quality
- Training and business process enhancements

Key Renewal Takeaways

Uncharted territory with a new renewal process

- Ex-Parte relies on data on file from combo cases, recently reported data, and income interfaces
 - Important to update cases timely with changes reported by members
- Page count for renewal packets have increased to incorporate member usability and ICR technology - May 2022 Renewals averaged 33 pages (17 pieces of paper)
- Addition of required signature will change experience for members and workers
- Close monitoring these next few months to identify opportunities to streamline/tweak/improve
- Critical to make sure eligibility workers are trained and well versed on the renewal process
 - Department will continue to provide ongoing support

Eligibility Workforce

- **Budget requests & supplementals to increase workforce for counties**
 - Combination of new staff, temporary staff, overtime
- **Overflow Processing Center (OPC)**
 - State-funded and managed site for overflow processing starting at end of PHE
 - Support eligibility sites that are inundated with work
 - Ongoing funding beyond PHE for extenuating circumstances such as natural disasters
 - Kicking off pilot in May 2022
