HCPF: Katie LoNigro: Here is the survey link: https://forms.gle/MC5FkzzGHXD4smtc6
Attendee: NHP RAE 2
HCPF: Katie LoNigro: If you weren't able to access the survey I shared, it should be open now. Apologies for that! Please let me know if there are any other issues: https://forms.gle/MC5FkzzGHXD4smtc6
Attendee: In the Grievances and Appeals section (10), General Grievances isn't discussed - only Quality of Care Grievances. We know that there are many different types of general grievances, in addition to QOCGs (billing issues, etc.). Will the Final RFP include room to respond to general grievance processes?
Attendee: We are wondering about some of the specifics of the evaluation process. For example, will each evaluator be reading each proposal in its entirety, or will each be assigned to review only specific sections. In other words, must every response/section stand on its own, or would be able to reference another response for the reader to find more detail?
Attendee: Has HCPF determined a timeline for bidders to complete the RFP, once posted?
Attendee: Does "preference" mean HCPF will design the evaluation so that a bidder with proposals in two regions will have some disadvantage in their second bid (assuming they require that bidders indicate priorities)?
Attendee: Also, do you plan to publish any review criteria
HCPF: Kim Taylor: That includes Inquiries and Answers from Offerors
Attendee: What data will be made available to bidders? e.g., current / projected enrollment by new region, most recent rate certification, any adjustments projected to rates by HCPF with new regions
