Provider Enrollment Manual Overview

Provider Type, Enrollment Type and Enrollment Requirements

Enrollment requirements vary depending on the provider type and enrollment type. Having the required enrollment information for the provider and enrollment type prior to beginning the application expedites the enrollment process.

Visit the [Information by Provider Type web page](#) to view additional enrollment requirements for the provider type. Visit the [Enrollment Types web page](#) to view the allowable provider types for each enrollment type. The following section list the enrollment requirements for each enrollment type.

Enrollment Types

Individual Within a Group

This enrollment type is for an individual that renders services but does not bill Colorado Medicaid directly. These providers must be associated with a Group that submits claims on their behalf.

- Social Security Number (SSN) will be pre-selected as the Tax ID Type.
- Must associate to at least one (1) Group provider enrollment type.
- The group to which the individual affiliates must have an approved enrollment before the individual can enroll.

Group

This enrollment type is a clinic or practice that submits claims on behalf of one (1) or more practitioners enrolled as an Individual Within a Group. Income is reported to the Internal Revenue Service (IRS) under the business Employer Identification Number (EIN).

- EIN will be pre-selected as the Tax ID Type
- Billing/direct pay entity
- Must have at least one (1) enrolled Individual Within a Group practitioner associated. (This association is indicated on the Individual Within a Group application). Associations may be added, removed, or changed after enrollment by logging in to the Provider Web Portal.

Billing Individual

This enrollment type is for an individual who receives direct payment for services rendered and submits claims for his/her own services. Income is reported to the Internal Revenue Service (IRS) under the individual's SSN.

- SSN will be pre-selected as the Tax ID Type
- Billing/direct pay entity

Individual Who Wants to Use EIN for Enrollment

This is a common scenario for individuals, such as physicians that own their own practice. **Even if the individual is the only practitioner**, if using an EIN for billing, this is a business. A group enrollment type application must be completed to enroll the business. In this example, a Group enrollment type

application would need to be completed as a Provider Type 16 – Clinic Practitioner Group. **The EIN must be used as the Tax ID Type and the group EIN Tax ID entered.**

The physician **must submit a second application as an Individual Within a Group with a provider type of Physician for themselves as the rendering practitioner** after the application for their business has been submitted and approved for enrollment. The physician must indicate they are affiliated to the group that was enrolled for the business while completing the Individual Within a Group application. **SSN will be pre-selected as the Tax ID Type and the individual must enter an SSN Tax ID.**

This allows the individual physician to bill under their business EIN and render services to members via the SSN enrollment.

Facility

This enrollment type is for an entity that submits claims for services rendered. An associated Individual Within a Group provider enrollment type is **not** required.

- EIN will be pre-selected as the Tax ID Type
- Billing/direct pay entity

Atypical

This enrollment type renders non-medical services. These providers may include but are not limited to Home and Community-Based Waiver Services (HCBS) providers, Managed Care Organizations (MCOs) and Regional Accountable Entities (RAEs).

- Enrollment requirements vary. Visit the [Information by Provider Type web page](#) to view enrollment requirements.
- The SSN or EIN Tax ID type may be used depending on provider type requirements.

Ordering, Prescribing and Referring (OPR)

This enrollment type is for individuals that **only** order, prescribe or refer items or services covered by Health First Colorado (Colorado's Medicaid program) for Health First Colorado members. These physicians and other professionals are not enrolled as an Individual Within a Group or a Billing Individual and do not submit claims for payment of services rendered.

- SSN will be pre-selected as the Tax ID Type

Program of All-Inclusive Care for the Elderly (PACE)-Only Subcontractor

This enrollment type is for an entity or individual that has a valid contract with a participating PACE organization. the associated PACE organization may submit PACE encounter claims listing the subcontractor's provider number and information once the PACE-Only Subcontractor is enrolled.

- The SSN or EIN Tax ID type may be used depending on the provider type requirements.
- The PACE Subcontractor Participation Attestation Form is required for this enrollment type.
- PACE-Only Subcontractors are exempt from the following enrollment requirements:
 - Electronic Funds Transfer (EFT) Enrollment
 - Addendums
 - Disclosures
 - Fingerprinting

- Submission of licensure, certification, or insurance
- Application fee
- Provider Participation Agreement
- Site Visits
- PACE-Only Subcontractors cannot register for the Provider Web Portal and must contact the [Provider Services Call Center](#) to update provider information or disenroll.

Fiscal Intermediary

This enrollment type is for a private company or another type of business entity that is **currently contracted** with the Department to manage financial transactions, ensure compliance with program regulations, and provide oversight to prevent fraud and misuse of funds.

- EIN will be pre-selected as the Tax ID Type
 - ⊖ Fiscal Intermediaries are exempt from risk based screening requirements.

Your enrollment application has been assigned the following tracking number:226207.
Please retain the tracking number for your records.

The tracking number will be used, in addition to your Tax ID and password, as credentials to resume/revise your application at a later date.

A confirmation email has also been sent to the following contact person's email, designated in the enrollment application: test@test.com.

Thank you for submitting an application to become a Colorado Medicaid provider or revalidate your current Medicaid enrollment.

Application Processing Times:

Current application processing times average 4-6 weeks. This turnaround time will be shorter if your application was submitted completely and correctly. Likewise, your application turnaround time may be longer if it requires correction or additional documentation. If your provider type is classified as moderate or high risk, you should expect additional processing time for an unannounced revalidation site visit (typically 5-8 additional business days).

You will be updated, via email, as your application moves through the process. ***Please be aware you are not able to access your application after you submit it, unless your application requires correction.***

Enrollment Type

Select the enrollment type from the **Enrollment Type** drop-down list. Refer to the [Provider Enrollment Manual Overview section](#) above for explanations of the enrollment types.

Provider Type

Type two (2) asterisks (**) in this field to display all valid provider types specific to the enrollment type selected in the prior field. Type the first few characters of the word if the asterisks do not return the correct value.

Example: Type **Phys** and the panel returns items with Phys in the value, e.g., Physician and Physician Assistant.

Visit the [Information by Provider Type web page](#) to see all provider types supported in the Colorado interchange. These are the **only** provider types the system accepts.

We chose Physician for the purposes of this example.

Requesting Enrollment Effective Date

The **Requesting Enrollment Effective Date** field defaults to the current date for new enrollment applications. Users may enter a backdate up to 10 months prior to the current date. For applications in progress, the field populates with the date entered when the application was last saved. That date must be within 10 months prior to the current date.

A backdate (up to 10 months in the past) can be requested; however, the request is not a guarantee of approval. Additionally, any required licenses, certifications, insurance or specialties must be effective on the requested enrollment effective date.

Complete the remainder of the enrollment application. Providers receive a Welcome Letter which contains the provider's backdated contract effective date if the enrollment and backdate request are approved.

Provider Information Section

Provider Information	
The provider identification numbers listed below are additional identifiers for the enrolling providers. Not all fields are required.	
Enrolling providers must validate the entered taxonomy matches at least one taxonomy currently listed on NPPES for the NPI. Perform an NPPES search here to verify the taxonomy.	
*NPI <input type="text"/>	*Taxonomy <input type="text"/>
*NPI Zip + <input type="text"/> 4 <input type="text"/>	*Tax ID Number <input type="text"/> *Tax ID Type <input type="radio"/> EIN <input type="radio"/> SSN
Effective Date <input type="text"/> <input type="button" value="Calendar"/>	Individuals (physicians, dentists, nurses, etc.) must enter their SSN as the Tax ID Number.

Enter the requested information within this section for the provider enrolling on the application, including the NPI number and the provider taxonomy and Tax ID.

Note: Not all provider types have an NPI number. For this example, the red asterisk indicating a required field is driven by the previous selection of **Physician**.

NPI – Enter the applicant's 10-digit NPI. This information is required for most provider types. Some Atypical providers may not need an NPI.

NPI Zip + 4 – Enter the nine (9)-digit zip code associated with the service address, as listed in the [NPPES NPI Registry](#). No entry is required in this field if an NPI is not required for the selected provider type.

Taxonomy Codes – Enter the 10-digit alphanumeric taxonomy code that classifies the enrolling provider as a healthcare provider according to the services offered. Entering two (2) or more characters to begin a search populates a drop-down list of applicable taxonomies from which the user may select. The taxonomy must match at least one (1) taxonomy listed in the [NPPES NPI Registry](#). A popup notification appears after a taxonomy is selected that the application will be returned or possibly denied if the taxonomy does not match. The user must acknowledge the notification before continuing the application.

No entry is required in this field if the selected provider type does not require an NPI.

Refer to the Provider Taxonomy Codes under the [Additional Required Information section](#) of this manual for more taxonomy code information.

Tax ID Number – Enter the nine (9)-digit EIN or SSN associated with the enrolling provider in this required field. Individuals must enter their SSN as the Tax ID Number.

Tax ID Type – Organizations/businesses require an EIN while an individual (e.g., doctor, nurse, etc.) requires an SSN. The Tax ID Type will be automatically selected for most providers based on the chosen Provider Type. If the Tax ID Type is not automatically selected, select whether an EIN or SSN was entered in the Tax ID Number field as required for the provider type. Visit the [Information by Provider Type web page](#) to view enrollment requirements for the specific provider type.

Effective Date

- If an EIN was entered, the effective date for this field should be the date the corporation (entity) began doing business.
- If an SSN was entered, the effective date for this field should be the practitioner's date of birth.

Medicare Participation
To receive Medical Assistance Program payments for services provided to individuals who have Medicare and Medical Assistance Program benefits, providers must accept assignment of their Medicare claims.

Automatic crossover is an exchange of claim information between Medicare and the Medical Assistance Program. When automatic crossover occurs, providers do not have to submit a crossover claim to the Medical Assistance Program. The Colorado Medical Assistance Program obtains crossover claim information from Colorado Medicare carriers and intermediaries. For automatic crossover to occur, providers must identify their NPI number.

Automatic crossovers should occur when the participant has registered their NPI with Medicare Part A and/or Part B and in the Colorado interChange.

Medicare numbers are no longer used for automatic crossover from Medicare Part A and Part B to the Medical Assistance Program.

Electronic Funds Transfer (EFT) Enrollment Panel

Note: The **EFT Enrollment** panel does not display for PACE-Only Subcontractor or Fiscal Intermediary provider enrollment types.

The following comprehensive list describes the fields on the **EFT Enrollment** panel:

EFT Enrollment Panel – Part 1

The screenshot shows the 'Provider Enrollment: EFT Information' panel. The left sidebar includes 'Welcome', 'EFT Enrollment' (which is selected and highlighted in blue), 'Attachments', 'Agreement', and 'Summary'. The main content area is divided into sections:

- Provider Information:** Fields for 'Provider Name' and 'Business Name'. A note states: 'Provider Address is an optional. If you wish to include provider address information with your application, please click the checkbox and enter the required information. If you un-check the checkbox, any data entered will be removed.' A checkbox for 'Provider 'Pay To' Address' is checked, revealing fields for 'Address', 'City', 'State', 'Country', and 'Zip Code/Postal Code'.
- Provider Identification Numbers:** Fields for 'Tax ID', 'NPI' (with a note: 'NPI must be provided if one has been issued.'), 'Provider National Provider Identifier (NPI)', 'Other Identifier', 'Trading Partner ID', 'Provider License Number', 'Assigning Authority', 'License Issuer', 'Provider Type', and 'Taxonomy'.
- Provider Contact Information:** Fields for 'Provider Contact Name', 'Phone', 'Email', 'Suffix', 'Ext', and 'Fax Number'.

A scanned copy of a bank letter or a voided business check must be added on the **Attachments and Fees** panel.

This panel collects information needed for direct deposit of claims reimbursement into a bank account via EFT. EFT allows quicker access to claim payments by depositing them directly to the bank account.

Not all enrollment types see this panel. If the user is an Individual Within a Group, the user does not see this panel as the Group submits claims on behalf of the individual and would be responsible for submitting the information for this panel. If the user is an OPR provider, the user does not see this panel as an OPR provider does not submit claims for payment.

Dispensing Fee Attestation Questionnaire

The Colorado Department of Health Care Policy and Financing (the Department) reimburses outpatient pharmacies for both the costs related to acquiring a drug and the costs related to dispensing the drug to a Medicaid member. The dispensing fees for retail, 340B, and mail order pharmacies are based upon the pharmacy's total annual prescription volume. The dispensing fees for rural and government pharmacies are based on the pharmacy type.

The dispensing fees and their requirements are as follows:

Requirements	Dispensing Fee
0 - 59,999 TAPV:	\$13.40
60,000 - 89,999 TAPV:	\$11.49
90,000 - 109,999 TAPV:	\$10.25
110,000 + TAPV:	\$ 9.31
Rural Pharmacy:	\$14.14
Government Pharmacy:	\$ 0.00

TAPV = Total Annual Prescription Volume

This questionnaire is intended to establish a dispensing fee for any new pharmacy enrolling as a Medicaid provider. A new pharmacy must complete this questionnaire stating their total prescription volume for the previous twelve (12) months. If a new pharmacy has been open for less than one year, the pharmacy should include the total prescription volume for the months the pharmacy has been open.

All fields must be completed.

If you have any questions concerning this questionnaire, please email Colorado.SMAC@state.co.us or you may call the Department's Pharmacy Liaison at 303-866-3588.

Attachments and Fees Panel

Any required attachments may be submitted electronically on the **Attachments and Fees** panel. Attachments sent by mail, email or fax cannot be accepted and must be added on this panel.

Attachments Section

Not all documents listed under **Supporting Documentation** may apply to the application being submitted.

The user must scan and attach:

- Insurance face sheet for nursing facilities.
- License or certifications (if applicable)
- W-9 signed and dated within the past six (6) months (if applicable)
- Voided check or bank letter dated within the past six (6) months (if applicable)
- RN Supervision Form (required **only** for registered nurses)
- Hardship waiver request letter and supporting documentation (if applying for a hardship waiver). Refer to the [Financial Hardship subsection](#) below for more information.
- Proof of payment (if the application fee has already been paid to Medicare or in another state for this location)
- Visit [Information by Provider Type web page](#) for additional documentation required for the provider type.

Visit the [Provider Forms web page](#) and click the Provider Enrollment & Update Forms drop-down to access any applicable forms that may need to be printed, completed, signed and uploaded to the enrollment application.

Read the Gainwell Technologies forms carefully before attaching. Some forms require the user to include additional attachments. The Behavioral Therapy Provider Attestation Form requires licenses, certifications, diplomas, etc.

Click the appropriate link to open the document to submit a required attachment. Some documents can be completed electronically while others require the user to print and scan a document. The user should work with internal IT support if they are unfamiliar with this process.

Application Fee Section

The Provider Enrollment Tool calculates any required enrollment fees and guides the user through the payment process.

The Affordable Care Act (ACA) requires certain providers to remit an enrollment application fee. The Centers for Medicare & Medicaid Services (CMS) sets the fee amount annually. This fee is assessed at initial enrollment, revalidation and change of ownership, as required, and is assessed in full for each service location enrolled in Colorado Medicaid. Visit the [Provider Enrollment web page](#) for the current amount.

The application fee questions as shown in the panel below are displayed only if the Enrollment Type selected previously should have a fee.

No fee is required if the service location has enrolled or revalidated with Medicare or another state's Medicaid program in the last 5 (five) years and paid an application fee. A copy of the receipt indicating payment is **not** required for proof of payment to Medicare. Proof of payment to another state's Medicaid program may be uploaded on this panel in the **Attachments** section with a selection type of **Other**.

Financial Hardship

Users requesting a waiver for financial hardship must include a letter describing the financial hardship and why the hardship justifies an exception, as well as any additional supporting documentation that the user believes may aid the Department and CMS in the determination.

- Recommended supporting documentation includes most recent entity tax return(s), financial profit/loss exports (i.e., QuickBooks, Xero, etc.), three (3) or more bank statements and any additional documentation that would validate the hardship(s) indicated within the hardship letter.
 - Additional supporting documentation may include but is not limited to historical cost reports, recent financial reports such as balance sheets and income statements, cash flow statements, liability obligations, tax returns, etc.

The enrollment will be delayed while a determination is made if the user applies for an application fee waiver. The letter and supporting documentation must be uploaded on this panel in the **Attachments** section with an **Attachment Type** of **Other**.

An example of the **Attachments and Fees** panel is shown below.

The purpose is to verify that information submitted to the Department by a provider is accurate and to determine compliance with federal and state enrollment requirements. The user is contacted for the required site visit if the provider type falls into one of these risk categories. A representative will visit the service location to verify certain aspects of the enrollment. Providers that refuse a site visit may be excluded from Health First Colorado.

Refer to the risk levels on the [Information by Provider Type web page](#) for further information about risk categories by provider type.

- The applicant receives an email at the email address entered in the contact information upon successful submission of an online enrollment application.

- An email is sent by Gainwell Technologies during the application review process to the email address entered in the contact information if additional information and/or missing documentation is needed. The applicant is then able to return to the application on the Provider Web Portal to address the issues through the **Resume Enrollment** link. - Another email is sent once the application has been reviewed to the address entered in the contact information advising of the outcome.
 - **If the application is approved**, the user is advised that the provider is enrolled but that certain steps must be completed with the fiscal agent to begin billing for services.
 - The user receives instructions for registering the assigned provider ID number in the Provider Web Portal once the application has been approved for enrollment. Refer to the [Provider Web Portal Registration Quick Guide](#) for registration instructions.
