Revalidation Spreadsheet

Providers can locate the new revalidation dates on the **Provider Revalidation Dates Spreadsheet** located on the [Revalidation web page](#) under the **Revalidation Resources** section.

Provider Enrollment Revalidation

The flexibility that paused disenrollment for providers past their revalidation date during the COVID-19 Public Health Emergency (PHE) is ending effective November 12, 2023. Providers with revalidation due dates of October 1, 2020, through November 11, 2023, have been given a post-PHE grace period to complete the revalidation process.

Those providers will also be sent another notification six (6) months prior to their revalidation date. Providers with revalidation due dates between October 1, 2020, through November 11, 2023, who had no claims activity in the last three (3) years must revalidate by November 11, 2023.

Providers that do not complete the revalidation process by their revalidation due date will be subject to claims denial or disenrollment. Providers with revalidation applications that are 'in process' must complete the process by November 11, 2023. Visit the [Revalidation web page](#) to learn more about the provider revalidation process and how to prepare.

Providers are encouraged to coordinate with any Ordering, Prescribing or Referring (OPR) providers to ensure the provider IDs have also been revalidated.
