

**COLORADO**

Department of Health Care  
Policy & Financing

Dear Provider,

Providers are reminded that **revalidation is underway**. Child Health Plan *Plus* (CHP+) and Health First Colorado (Colorado's Medicaid Program) providers must revalidate in the program every five (5) years to continue as a provider. Organization Health Care Providers are required to obtain and use a unique National Provider Identifier (NPI) for each service location and provider type enrolled.

The first set of deadlines for the next revalidation cycle will be in October 2020, based on previous enrollment approval dates. Providers will be contacted via email approximately 6 months prior to their revalidation deadline with further instructions. Attempting to revalidate by completing a new application before being notified will create duplicate enrollments and cause claim processing issues.

Providers can find their upcoming revalidation deadline by checking the new Provider Revalidation Dates spreadsheet, now available on the [Revalidation web page](#) under the Health First Colorado and CHP+ Provider Revalidation section.

Visit the [Revalidation web page](#) for additional information and links to helpful resources. Providers are also encouraged to review the [Special Revalidation Newsletter](#) and [Special Revalidation Newsletter II](#), available on the [Provider News web page](#) under the Newsletters > 2020 drop-down section.

Thank you,

Department of Health Care Policy & Financing
