

# ACC Phase 3 Evaluation Follow Up

Tamara Keeney  
Research & Analysis Team

**COLORADO**  
Department of Health Care  
Policy & Financing

October 10, 2024  
P&CE

# Topics to Cover

- Reminder of the logic model
- Discuss opportunities to engage with this subcommittee

# Logic Model

## Monitoring and Evaluation

- Performance standards
- Audits

- Clinical quality measures
  - CMS Core Measures
  - Value-Based Payment Metrics
  - Health equity plan metrics

- Evaluation
  - Member surveys
  - Provider surveys
  - Quantitative analysis

### Inputs & Activities

- Behavioral Health Benefit
- Network Management
- Member Supports

### Outputs

- Members receive timely services
- Providers are paid
- Adequate networks are maintained
- Members receive care coordination

### Outcomes

- Member health is improved
- Member and provider satisfaction

### Impact

1. Improved access to care
2. Improved quality of care
3. Close health disparities and promote health equity for members
4. Improve the member and provider service experience
5. Manage care to protect member coverage, benefits and provider reimbursements

### Accountability Tools

- Dept Meetings with RAEs
- Deliverables
- Incentive payments
- Commitment to Quality Program
- Program Improvement Advisory Committee
- Member Experience Advisory Councils
- Corrective Action Plans
- Action Monitoring Plans
- Data dashboards
- EQRO Validation and Audit Activities
