Accountable Care Collaborative (ACC)

Phase II

History, Goals and Objectives

Managed Care in Colorado

Accountable Care Collaborative

Improve Health and Reduce Costs

Medical Home

Ensure Medicaid members have a focal point of care.

Behavioral Health

Comprehensive community-based system of mental health and substance use disorder services.

Regional Coordination

Medicaid members have complex needs and are served by multiple systems. Regional umbrella organizations help to coordinate across systems.

Data

Members, providers and the system receive the data needed to make real-time decisions that improve care, increase coordination of services and improve overall efficiencies.

Goals

- To improve member health & reduce costs

Objectives

1. Join physical and behavioral health under one accountable entity
2. Strengthen coordination of services by advancing team-based care and health neighborhoods
3. Promote member choice and engagement
4. Pay providers for the increased value they deliver
5. Ensure greater accountability and transparency

Regional Accountable Entity

Role of RAEs

- Promote members' physical and behavioral health
- Contract with a regional network of Primary Care Medical Providers (PCMPs) to serve as medical home
- Administer capitated behavioral health benefit
- Support providers in coordinating care across disparate providers
- Provide administrative, financial, data and technology, and practice transformation assistance

Health Neighborhood and Community

- Health Neighborhood—Network of Medicaid providers that support members' health and wellness, including specialists, hospitals, oral health providers, long-term services and support providers, local public health agencies, and county social/human service agencies
- Community—Services and supports that impact members' well-being, including organizations that address the spiritual, social, educational, recreational, and employment aspects of a member's life
