# Preparing for ACC Phase III

# Accountable Care Collaborative

- Delivers cost-effective, quality health care services to Colorado Medicaid members to improve the health of Coloradans.
- Coordinates regional physical and behavioral health care services to ensure member access to appropriate care.

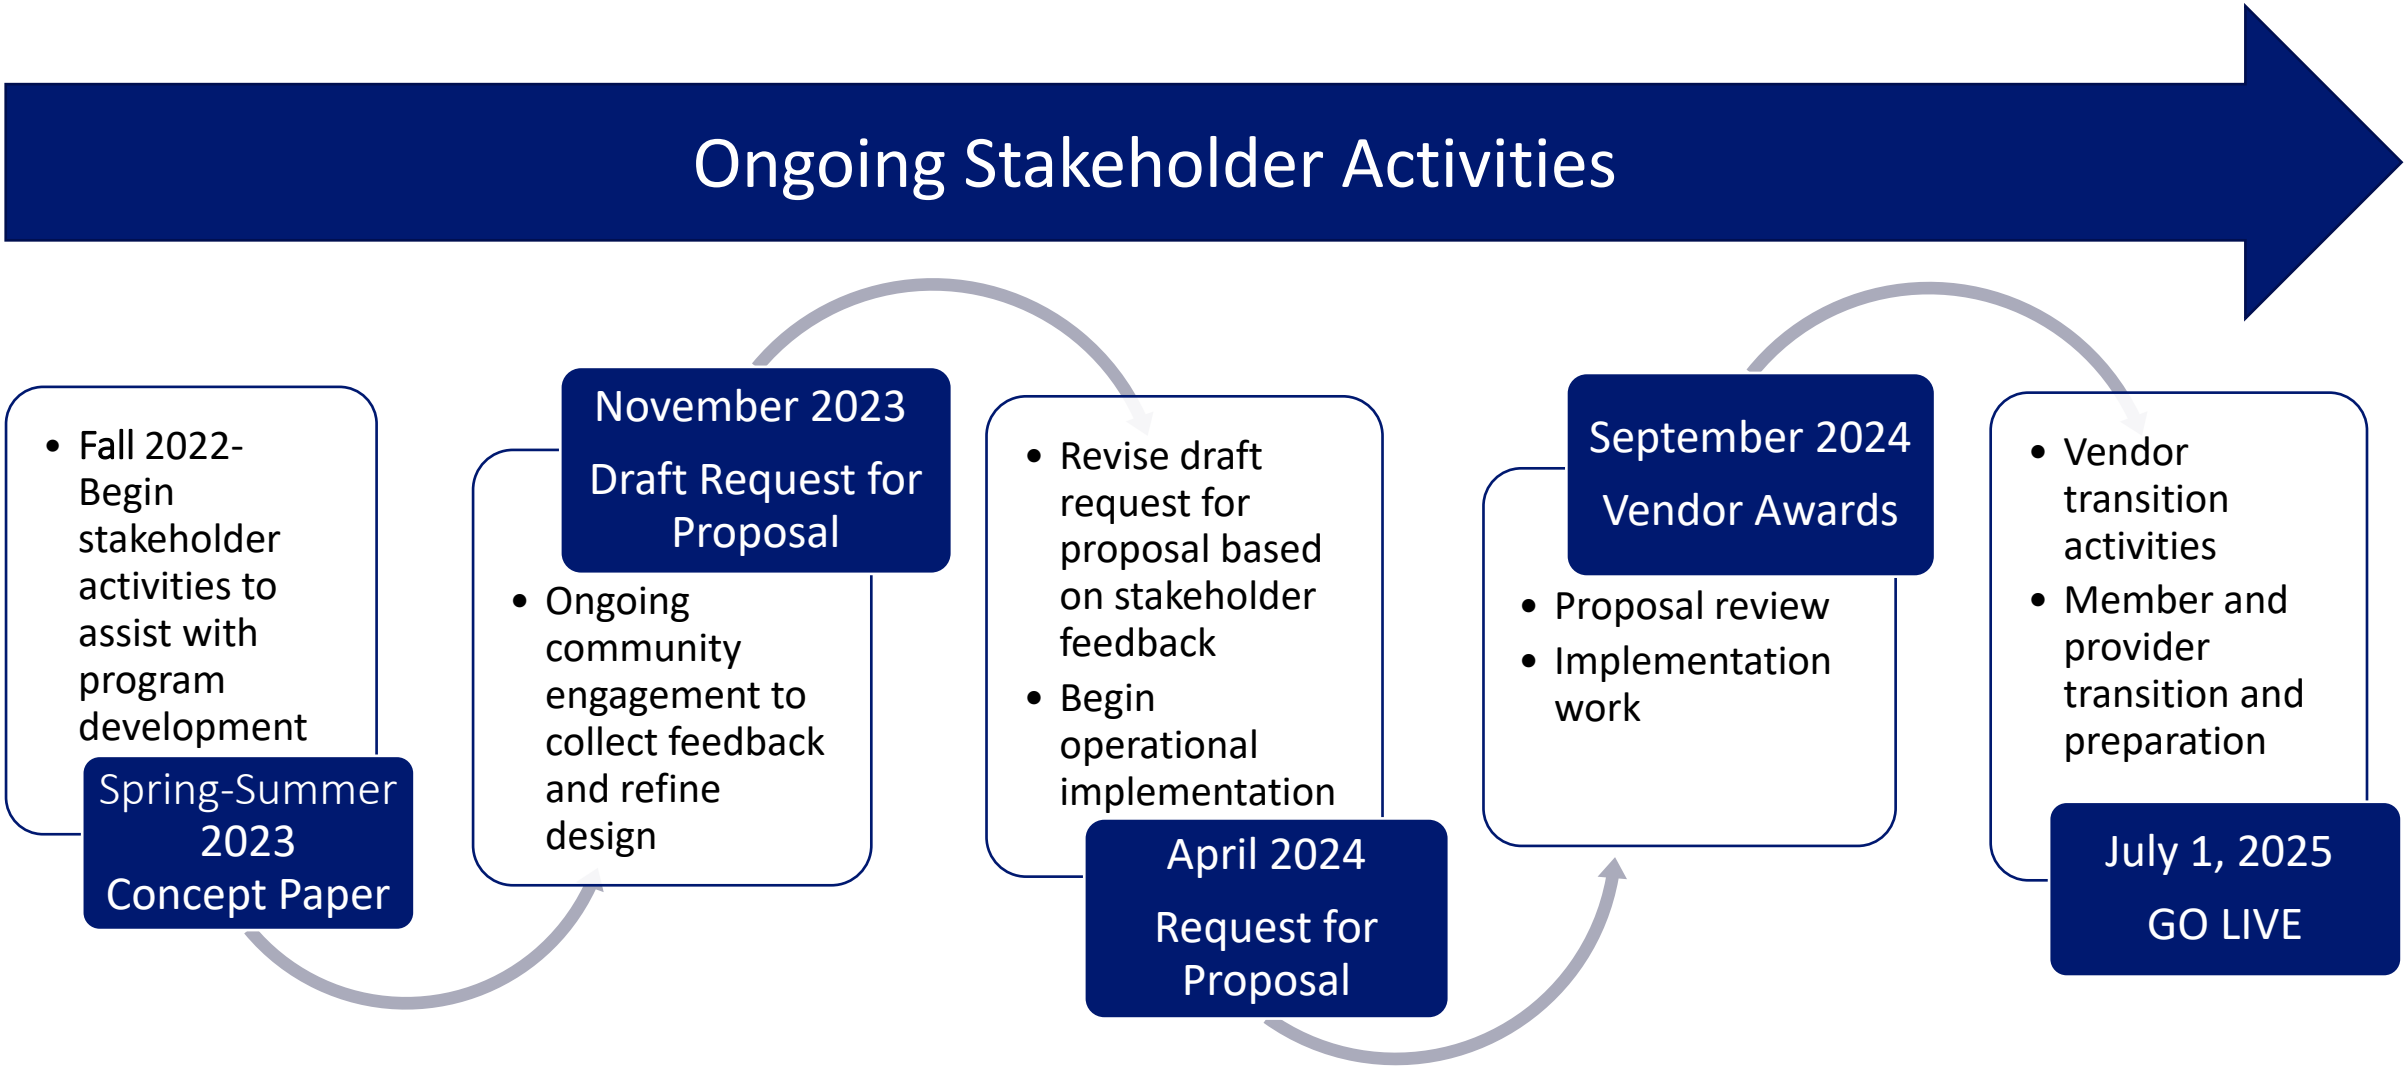

# Creating ACC Phase III

- Build on strengths of Phase II
- Align with advances made by other state agencies
- Incorporate input received over the past several years
- Identify opportunities for improvement
  - Focus on Priority initiatives
- We need your input!

## Ongoing Stakeholder Activities

# ACC Phase III Overview

# ACC Phase III Goals

- Improve quality care for members
- Close health disparities and promote health equity
- Improve care access
- Improve the member and provider service experience
- Manage costs to protect member coverage and benefits, and provider reimbursements

# Commitments to Continuity

- Compliance with federal guidance supporting paying for value
- Coordinated behavioral, physical and community-based services through a regional delivery system with the existing seven regions
- A hybrid managed care model to allow for robust benefits and member supports by improving the capitated behavioral health benefit and innovating the managed fee-for-service infrastructure for physical health
- Collaboration with state agencies to provide high quality, whole-person care that improves health equity and the overall health of Medicaid members

# Discussion:

# Care Coordination

- **Opportunity:** Establish standards for care coordination for populations with unique needs, such as pregnant people and individuals with disabilities.

# Improving Referrals to Community Partners

- **Opportunity:** RAEs connect members to community supports outside of Medicaid covered services to better address their health-related social needs.
