Mark Levine, P&CE CO-Chair

Mark Levine gave an update on the March 2025 [PIAC](#) meeting:

- ACC Phase III Evaluation plan
- Communications plan for Members and providers. No formal recommendations were provided
- Disability competent care. Recommendations were requested as they are seeking a forum for ongoing collaboration with community, other agencies, providers etc. It was recommended that the subcommittees PMME and P&CE would be a good place to continue the discussion in the future.

Mark Levine presented a slide show around the subcommittee and the charter for Provider and Community Experience. Mark Levine prompted a discussion around the charter and how to evolve the focus of the subcommittee. The charter will be brought to the next meeting for review and finalization of the charter.

## 3. ACC III Evaluation

Tamara Keeney HCPF

Tamara Keeney from the Department came back to the subcommittee for another discussion around the ACC Phase III Evaluation and to dive deeper into the ideas around the research questions that are being drafted. Tamara shared that the Department has goals for ACC Phase III to see improvements on core measures, improved scores on Member and provider surveys, and cost shifting from expensive care to prevention and outpatient care. There was a robust group discussion around ACC III Evaluation, which Tamara will take back. Tamara plans to attend future meetings for the subcommittee.
