

Colorado Recovery Audit Contract (RAC) Invitation to All Health First Colorado Providers

The Department would like to invite all Health First Colorado Providers to a Recovery Audit Contract (RAC) Stakeholder Engagement Meeting. The Colorado RAC Provider Stakeholder Engagement will be conducted to give an overview of upcoming program enhancements, educational opportunities and to follow up on items communicated to the Department by Providers.

This quarterly meeting will take place **Thursday August 3rd, at 12:00 PM MST.**

You are invited to a Zoom webinar.

When: Aug 3, 2023 12:00 PM Mountain Time (US and Canada)

Topic: RAC Stakeholder Engagement

Register in advance for this webinar:

After registering, you will receive a confirmation email containing information about joining the webinar.

Want RAC Updates?

The Department has created a form that is utilized by us to send email blasts, flyers, and any communications to Providers. This will ensure quick and efficient information is being communicated while any updates to the website or content are being made. This Form link is being added to our website as well, so you can always add your contact information later, if you prefer.

We have, in the past, utilized interChange provider contact information, but we have found that this information can be inaccurate. Providers are encouraged to update their contact information in interChange, but in order to ensure providers who are participating in RAC stakeholder engagement are getting the most up to date information, we are providing this option.

Want to be on the RAC Provider Advisory Board?

The Department has created a form so interested parties can upload their resume/CV to be considered to be on the board. This board is only for Providers and we are looking for a mix of many different provider types, since the RAC audits a few different areas.

Want to participate in the system testing pilot for inpatient rebilling of level of care findings?

This form is utilized by Providers to request to take part in testing the Claims system after rebilling programming has been completed. The Providers chosen will meet with the Department to identify common issues, recommendations, and to rebill "Level of Care" RAC Audit findings from an inpatient to outpatient claim. They will give recommendations and help build processes to ensure that the rebilling is efficient and works for the Providers.
