# Introduction

In accordance with its authority under Colorado Revised Statute 25.5-1-101 et seq. and pursuant to Request for Proposal 2017000265, the Department of Healthcare Policy & Financing (the Department) executed contracts with the Regional Accountable Entities (RAEs) for the Accountable Care Collaborative (ACC) program, effective July 1, 2018. The RAEs are responsible for integrating the administration of physical and behavioral healthcare and managing networks of fee-for-service primary care providers and capitated behavioral health providers to ensure access to care for Medicaid members. Per the Code of Federal Regulations, Title 42 (42 CFR)—RAEs qualify as both Primary Care Case Management (PCCM) entities and Prepaid Inpatient Health Plans (PIHPs). 42 CFR requires PCCM entities and PIHPs to comply with specified provisions of 42 CFR §438—managed care regulations—and requires that states conduct a periodic evaluation of their managed care regulations published May 6, 2016. Additional revisions were released in November 2020, with an effective date of December 2020. The Department has elected to complete this requirement for the RAEs by contracting with an external quality review organization (EQRO), Health Services Advisory Group, Inc. (HSAG).

This report documents results of the fiscal year (FY) 2022–2023 compliance review activities for **Colorado Access (COA)**. For each of the four standard areas reviewed this year, this section contains summaries of strengths and findings as evidence of compliance, findings resulting in opportunities for improvement, and required actions. Section 2 describes the background and methodology used for the FY 2022–2023 compliance monitoring review. Section 3 describes follow-up on the corrective actions required as a result of the FY 2021–2022 compliance review activities. Appendix A contains the compliance monitoring tool for the review of the standards. Appendix B contains details of the findings for the denials of authorization of services (denials), grievances, and appeals record review tools. Appendix C lists HSAG, RAE, and Department personnel who participated in some way in the compliance review process. Appendix D describes the corrective action plan (CAP) process that the RAE will be required to complete for FY 2022–2023 and the required template for doing so. Appendix E contains a detailed description of HSAG's compliance review activities consistent with the Centers for Medicare & Medicaid Services (CMS) External Quality Review (EQR) *Protocol 3. Review of Compliance With Medicaid and CHIP Managed Care Regulations: A Mandatory EQR-Related Activity*, October 2019.<sup>1-1</sup>

<sup>&</sup>lt;sup>1-1</sup> Department of Health and Human Services, Centers for Medicare & Medicaid Services. *Protocol 3. Review of Compliance With Medicaid and CHIP Managed Care Regulations: A Mandatory EQR-Related Activity*, October 2019. Available at: <u>https://www.medicaid.gov/medicaid/quality-of-care/downloads/2019-eqr-protocols.pdf</u>. Accessed on: Sep 27, 2021. At the start of FY 2022–2023 compliance review, CMS had not finalized the 2022 CMS EQR Protocol 4; therefore, the 2019 CMS EQR Protocol 3 was used for the period under review.

# **Summary of Compliance Results**

Based on conclusions drawn from the review activities, HSAG assigned each requirement in the compliance monitoring tool a score of *Met*, *Partially Met*, *Not Met*, or *Not Applicable*. HSAG assigned required actions to any requirement receiving a score of *Partially Met* or *Not Met*. HSAG also identified opportunities for improvement with associated recommendations for some elements, regardless of the score.

Table 1-1 presents the scores for **COA RAE 3** for each of the standards. Findings for all requirements are summarized in this section. Details of the findings for each requirement receiving a score of *Partially Met* or *Not Met* follow in Appendix A—Compliance Monitoring Tool.

Standard	# of Elements	# of Applicable Elements	# Met	# Partially Met	# Not Met	# Not Applicable	Score* (% of Met Elements)
I. Coverage and Authorization of Services	32	32	29	3	0	0	91%
II. Adequate Capacity and Availability of Services	14	14	14	0	0	0	100%
VI. Grievance and Appeal Systems	35	35	33	2	0	0	94%
XII. Enrollment and Disenrollment	5	5	5	0	0	0	100%
Totals	86	86	81	5	0	0	94%

#### Table 1-1—Summary of Scores for Standards

\*The overall score is calculated by adding the total number of *Met* elements and dividing by the total number of applicable elements from the standards in the compliance monitoring tool.

Table 1-2 presents the scores for **COA RAE 3** for the denials, grievances, and appeals record reviews. Details of the findings for the record reviews are in Appendix B—Record Review Tools.

Table 1-2—Summary of Scores	for the Record Reviews
-----------------------------	------------------------

Record Reviews	# of Elements	# of Applicable Elements	# Met	# Not Met	# Not Applicable	Score* (% of Met Elements)
Denials	100	73	67	6	27	92%
Grievances	60	56	55	1	4	98%
Appeals	60	54	54	0	6	100%
Totals	220	183	176	7	37	96%

\*The overall score is calculated by adding the total number of *Met* elements and dividing by the total number of applicable elements from the record review tools.

# Standard I—Coverage and Authorization of Services

#### **Evidence of Compliance and Strengths**

**COA**'s policies, procedures, and reporting documents outlined a comprehensive approach to review and authorize covered services using medical necessity and InterQual criteria in compliance with regulatory guidelines. Utilization management (UM) staff members participated in annual interrater reliability testing to ensure criteria are applied consistently. Staff members responsible for denial decisions had appropriate clinical expertise in treating the member's condition or disease. Ad-hoc reviewers were available through National Medical Reviews but were not frequently called upon. UM staff members were divided into specialties, one team of behavioral health and one team of physical health nurses and reviewers.

Denial sample records demonstrated a consistent process for logging and handling authorization requests in the GuidingCare (Altruista Health) system. Software updates completed during the review period included the addition of a provider authorization portal in calendar year (CY) 2022 where providers can make service requests online and documentation is seamlessly and automatically loaded into the GuidingCare system. Staff members also noted the expansion of InterQual UM software to include American Society of Addiction Medicine (ASAM) dimensions, which can now be reviewed inline through the software rather than separately through a manual process.

Case notes within the denial sample records showed that **COA** staff members outreached the requesting provider for more information when needed, typically at least once, and up to three times. In instances where the provider requested a peer-to-peer review, **COA** staff members advised the provider of specific office hours and a direct telephone number with which to reach the psychiatrist. In many denial sample cases, clinical considerations went beyond the black and white nature of InterQual guidelines to consider the individual member's situation and safety. Staff members discussed scheduling regular department meetings, working with the Department of Human Services and the court system, attending twice monthly meetings with care management staff members, and adding ad-hoc reviews as necessary, including reviewing high-needs members with the Department.

Notice of adverse benefit determination (NABD) letters to members denying authorization for substance use disorder (SUD) treatment authorization included the required ASAM dimension, beginning after July 1, 2022, as required. **COA** accurately described continuation of benefits in its submitted policy for the Medicaid line of business and acknowledged that **COA** never reduces, suspends, or terminates previously authorized services.

Policies, procedures, provider manuals, and member information regarding emergency conditions, emergency services, and post-stabilization services all contained required definitions consistent with State and federal definitions. The provider agreement, provider manual, and single case agreement information stated that **COA** does not bill Medicaid members for any charges incurred and that the State prohibits providers from balance billing Medicaid members. Internal procedures and claims systems were described to not require authorization for emergency services, whether in or out of network. Staff

members in charge of claims system oversight described monitoring and updating claims coding on a regular basis to ensure all emergency service claims are paid and any questions are directed to the correct UM staff members. Customer service staff are trained in the overall benefits package and are available to clarify emergency services and post-stabilization services to members, if needed.

#### **Opportunities for Improvement and Recommendations**

HSAG recommends that **COA** include the core components of medical necessity as described in the federal definition (42 CFR 438.210[a][5]) as part of **COA**'s definition.

HSAG noted that the NABD letters to members did not include specific references to the clinical criteria (i.e., InterQual) reviewed, other than for SUD NABDs, which included the required ASAM dimensions. Although not a federal requirement, the State RAE NABD template encourages the RAE to include a reference to the health plan's criteria.

Lastly, many NABD letters included clinical terminology that may not be easy for the member to understand. HSAG recommends including a plain language explanation next to any clinical terminology (e.g., Magnetic resonance imaging [MRI], a picture of your body, including bones, muscles, organs, and blood vessels).

#### **Required Actions**

Sample denial records contained the following issues:

- COA did not mail an NABD letter to the member in one case.
- **COA** did not make the denial decision or send the NABD letter within the 72-hour expedited time frame in one case.

To come into compliance with federal and State requirements, COA must:

- Update its procedures to further delineate provider claims issues which are separate from memberrelated issues in which a service is denied or partially denied. Policies, procedures, and monitoring must be enhanced to ensure that the member is notified in writing of the denial or partial denial of a service in a timely manner.
- Enhance its monitoring procedures to ensure that members are notified in a timely manner.

# Standard II—Adequate Capacity and Availability of Services

#### **Evidence of Compliance and Strengths**

Policies, procedures, and documentation submitted by **COA** demonstrated oversight of the provider network to ensure access to covered services for members. In addition to the state-required annual and quarterly reports, staff members described reports to monitor "zero claims paid" providers who had not billed a claim in the previous two years. Staff members described this as a way to begin narrowing down providers who may have retired or closed their panels and use the list for outreach and engagement purposes.

Single case agreements are sought when needed, usually initiated through a provider authorization request. Staff member described these as priorities and completed the agreements either the same day or within four days alongside the UM department, provider relations, and the program director.

The provider manual and website included accurate information regarding time and distance standards, and provider network and quality department staff members also outreached providers to inform them of timely appointment standards prior to conducting monitoring activities such as secret shopper. Corrective action plans for providers who failed to comply with timely appointment standards were individualized based on the type of noncompliance documented and have shifted to an "opportunity" lens since the end of FY 2021–2022. Additional SUD monitoring was added in FY 2021–2022 and performed by Signal Behavioral Health Network.

Cultural competency efforts have been a focus in the organization and staff members reported the addition of a vice president of diversity, equity, and inclusion (DEI) and an expanded team of DEI "consultants." Targeted outreach and engagement programs described during the interview included the following member groups: Latinx, homeless, refugee, and members recently released from prison. These member groups were noted as top priorities during the review period CY 2022. Related to accessibility to alternative languages, **COA**'s human resources department maintained a list of staff members who are bilingual and available to immediately translate for members and their family members as well as a 1-800 telephone line for additional languages. In terms of members with physical disabilities, the **COA** provider agreement appendix served as a data collection tool regarding providers who offered accommodations such as the ability to communicate with individuals who have hearing, vision, speech, or cognitive disabilities; and those who offered accessible office aids such as ramps, extra-wide doors, accessible treatment and examination rooms, etc. This information was also available to members as a searchable filter through the online provider directory.

#### **Opportunities for Improvement and Recommendations**

Geoaccess compliance reports, quarterly *Network Reports* and the *Network Adequacy Plan* each included details of strengths and a few gaps in **COA**'s provider network. **COA** has an opportunity to continue working with the Department to identify ways to improve compliance with time and distance

EXECUTIVE SUMMARYFY 2022–2023 COMPLIANCE REVIEW REPORT

standards for SUD treatment practitioners (i.e., ASAM levels 3.1, 3.3, 3.5, 3.7, 3.2WM, and 3.7 WM), psychiatric hospitals, and psychiatric units in acute care hospitals.

### **Required Actions**

HSAG identified no required actions for this standard.

# Standard VI—Grievance and Appeal Systems

# **Evidence of Compliance and Strengths**

**COA** submitted its grievance and appeal policies and procedures, member materials, provider manual, and notice templates that defined key terms and provided information that supported **COA**'s implementation of requirements related to grievance and appeal systems. **COA**'s policies and procedures included information regarding members' rights such as the right to file a grievance at any time. **COA** also had a standard system, Altruista Health's GuidingCare, that tracks all information and data related to grievances and appeals.

Staff members described how they inform members of their rights if a member contacts **COA** to file a grievance and the ways the member or the member's authorized representative can submit a grievance. The member can submit a grievance by phone, e-mail, online, or fax to customer service, care managers, or other staff members, and all staff are trained to submit grievances to the grievance team. Once the grievance is received, **COA** grievance coordinators will log, investigate, and work to resolve the issue in 15 working days. **COA** also described that if a member contacts the grievance department with a quality-of-care issue, the case will be sent to the Quality Department to be reviewed by a clinical staff member. In one grievance record sample, the information was not submitted in a timely manner to the grievance department. Staff members described the process where the supervisor will outreach and educate or retrain when an issue is identified.

When a member files an appeal, in addition to sending a written acknowledgement letter, the **COA** appeals coordinator verbally contacts the member to ensure that the member, or the member's representative, is aware that they have the right to submit documents, records, and other information, and that all comments will be considered by the decision maker without regard to whether such information was submitted or considered in the initial adverse benefit determination. **COA** also listed multiple specialty physicians that are employed with **COA** to make decisions on appeals, and the appeals coordinator is responsible to ensure that the decision maker was not involved in the previous decision of the denial.

**COA** reported that it rarely terminates, suspends, or reduces a previously authorized service; however, policies and procedures accurately describe continuation of benefits in the rare occurrence this situation would occur.

Staff members reported that translation services are available in English and Spanish to accommodate the member if needed. **COA** also reported the availability of DocuSign, Zoom, and other technology platforms to assist the member in completing forms or other procedural steps related to grievance and appeals.

Grievance and appeal acknowledgement and resolution letters to members were written at or around the sixth-grade reading level. Both grievance and appeal sample records included the required content in the acknowledgement and resolution letters. **COA** consistently met the timeliness requirements for appeal acknowledgement and resolution notices.

#### **Opportunities for Improvement and Recommendations**

HSAG identified no opportunities for improvement or recommendations.

#### **Required Actions**

**COA**'s grievance record reviews showed 98 percent compliance. One out of the 10 sample grievance records did not comply with the grievance acknowledgement letter time frame set forth by the State. **COA** must enhance its monitoring system to ensure that grievance acknowledgement letters are sent in a timely manner.

HSAG reviewed the **COA** website and found an old policy that inaccurately states that the member must follow an oral request of an appeal in writing. **COA** must remove the statement that requires the member to follow an oral request by writing to adhere to federal regulations.

# Standard XII—Enrollment and Disenrollment

#### **Evidence of Compliance and Strengths**

**COA** submitted its *Nondiscrimination* and *Member Enrollment and Disenrollment* policies that described a process and procedure to receive daily enrollment files from the State, electronically, and in the order in which they are received. Staff members described that upon receipt of the 834 files from the State, **COA** staff members have a process internally to check for errors. Staff members reported that in the past month less than 1 percent of manual updates were needed for minor data issues.

**COA** describes a process to ensure that it does not discriminate against members. **COA** staff members reported that if a member had a complaint related to discrimination, **COA** would assist the member to file a grievance with the grievance team and work with the member to resolve the situation to the member's satisfaction. **COA** also described a process to run quarterly reports to ensure that grievances and disenrollments are not due to quality-of-care issues.

**COA** reported that it rarely disenrolls members due to extreme disruptive behavior and would work with the member in every possible way including, but not limited to, developing a communication plan to redirect the member toward appropriate behaviors and sometimes a new provider, establish boundaries, and get the member back on track with treatment goals. **COA** staff members reported that if they did request disenrollment of a member, the decision would be in conjunction with the **COA** chief executive officer and the Department. In that rare instance, **COA** would ensure there would be a warm handoff to the new health plan.

#### **Opportunities for Improvement and Recommendations**

HSAG identified no opportunities for improvement or recommendations.

#### **Required Actions**

HSAG identified no required actions for this standard.

# 2. Overview and Background

# **Overview of FY 2022–2023 Compliance Monitoring Activities**

For the FY 2022–2023 compliance review process, the Department requested a review of four areas of performance. HSAG developed a review strategy and monitoring tools consisting of four standards for reviewing the performance areas chosen. The standards chosen were Standard I—Coverage and Authorization of Services, Standard II—Adequate Capacity and Availability of Services, Standard VI—Grievance and Appeal Systems, and Standard XII—Enrollment and Disenrollment. Compliance with applicable federal managed care regulations and related managed care contract requirements was evaluated through review of the four standards.

# **Compliance Monitoring Review Methodology**

In developing the data collection tools and in reviewing documentation related to the four standards, HSAG used the RAE's contract requirements and regulations specified by the federal Medicaid managed care regulations published May 6, 2016. Additional revisions were released in November 2020, with an effective date of December 2020. HSAG assigned each requirement in the compliance monitoring tool a score of *Met*, *Partially Met*, *Not Met*, or *Not Applicable*. The Department determined that the review period was January 1, 2022, through December 31, 2022. HSAG conducted a desk review of materials submitted prior to the compliance review activities; a review of records, documents, and materials requested during the compliance review; and interviews of key RAE personnel to determine compliance with applicable federal managed care regulations and contract requirements. Documents submitted for the desk review and compliance review consisted of policies and procedures, staff training materials, reports, minutes of key committee meetings, member and provider informational materials, and administrative records related to denials of authorization, grievances, and appeals.

HSAG reviewed a sample of the RAE's administrative records related to denials, grievances, and appeals to evaluate implementation of federal and State healthcare regulations. Reviewers used standardized monitoring tools to review records and document findings. HSAG used a sample of 10 records with an oversample of five records (to the extent that a sufficient number existed) for each of the denials, grievances, and appeals. Using a random sampling technique, HSAG selected the samples from all RAE denial, grievance, and appeal records that occurred between January 1, 2022, and December 31, 2022. For the record review, the RAE received a score of *Met (M)*, *Not Met (NM)*, or *Not Applicable (NA)* for each required element. Results of record reviews were considered in the review of applicable requirements in Standard I—Coverage and Authorization of Services and Standard VI—Grievance and Appeal Systems. HSAG separately calculated a record review score for each record review requirement and an overall record review score.

The compliance review processes were consistent with the CMS EQR *Protocol 3. Review of Compliance With Medicaid and CHIP Managed Care Regulations: A Mandatory EQR-Related Activity*, October 2019. Appendix E contains a detailed description of HSAG's compliance review activities consistent with those outlined in the CMS EQR protocol. The four standards chosen for the FY 2022– 2023 compliance reviews represent a portion of the managed care requirements. The following standards will be reviewed in subsequent years: Standard III—Coordination and Continuity of Care, Standard IV—Member Rights, Protections, and Confidentiality, Standard V—Member Information Requirements, Standard VII—Provider Selection and Program Integrity, Standard VIII—Credentialing and Recredentialing, Standard IX—Subcontractual Relationships and Delegation, Standard X—Quality Assessment and Performance Improvement, and Standard XI—Early and Periodic Screening, Diagnostic, and Treatment Services (EPSDT).

# **Objective of the Compliance Review**

The objective of the compliance review was to provide meaningful information to the Department and the RAE regarding:

- The RAE's compliance with federal healthcare regulations and managed care contract requirements in the four areas selected for review.
- Strengths, opportunities for improvement, and actions required to bring the RAE into compliance with federal healthcare regulations and contract requirements in the standard areas reviewed.
- The quality and timeliness of, and access to, services furnished by the RAE, as assessed by the specific areas reviewed.
- Possible interventions recommended to improve the quality of the RAE's services related to the standard areas reviewed.

# 3. Follow-Up on Prior Year's Corrective Action Plan

# FY 2021–2022 Corrective Action Methodology

As a follow-up to the FY 2021–2022 compliance review, each RAE that received one or more *Partially Met* or *Not Met* scores was required to submit a CAP to the Department addressing those requirements found not to be fully compliant. If applicable, the RAE was required to describe planned interventions designed to achieve compliance with these requirements, anticipated training and follow-up activities, the timelines associated with the activities, and documents to be sent following completion of the planned interventions. HSAG reviewed the CAP and associated documents submitted by the RAE and determined whether it successfully completed each of the required actions. HSAG and the Department continued to work with **COA** until it completed each of the required actions from the FY 2021–2022 compliance monitoring review.

# Summary of FY 2021–2022 Required Actions

For FY 2021–2022, HSAG reviewed Standard III—Coordination and Continuity of Care, Standard IV— Member Rights, Protections, and Confidentiality, Standard V—Member Information Requirements, and Standard XI—EPSDT.

Related to Standard V—Member Information Requirements, **COA** was required to complete one corrective action, which was to update policies and procedures to include the language, "or 30 days prior to the effective date of the termination," related to informing members about a provider termination.

# **Summary of Corrective Action/Document Review**

**COA** submitted a proposed CAP in March 2022. HSAG and the Department reviewed and approved the proposed plan and responded to **COA**. **COA** submitted a draft policy and desktop procedure in July 2022, and the final policy and desktop procedure and the CAP were completed in July 2022.

# **Summary of Continued Required Actions**

COA successfully completed the FY 2021–2022 CAP, resulting in no continued corrective actions.

Standard I—Coverage and Authorization of Services		
Requirement	Evidence as Submitted by the Health Plan	Score
<ol> <li>The Contractor ensures that all services are sufficient in amount, duration, and scope to reasonably achieve the purpose for which the services are furnished.</li> <li>42 CFR 438.210(a)(3)(i)</li> </ol>	Both R3 and R5:         • Utilization Management Program Description         • Philosophy Section         • Program Framework Section	<ul> <li>☑ Met</li> <li>□ Partially Met</li> <li>□ Not Met</li> <li>□ Not Applicable</li> </ul>

<ul> <li>35. The Contractor provides the information about the grievance, appeal, and State fair hearing system to all providers and subcontractors at the time they enter into a contract. The information includes: <ul> <li>The member's right to file grievances and appeals.</li> <li>The requirements and time frames for filing grievances and appeals.</li> <li>The right to a State fair hearing after the Contractor has made a decision on an appeal which is adverse to the member.</li> <li>The availability of assistance in the filing processes.</li> <li>The fact that, when requested by the member: <ul> <li>Services that the Contractor seeks to reduce or terminate will continue if the appeal or request for State fair hearing is filed within the time frames specified for filing.</li> <li>The member may be required to pay the cost of services furnished while the appeal or State fair hearing is pending, if the final decision is adverse to the member.</li> </ul> </li> </ul></li></ul>	Both R3 and R5:         • COA Website         • Appeals and State Fair Hearing         • https://www.coaccess.com/providers/resources/um/         • Grievances:         • https://www.coaccess.com/providers/forms/         • Provider Manual         • Section 2 Colorado Access Policies         • Pages 2-6 to 2-7 Member Grievances and Appeals         R3-specific:         • NA         R5-specific:         • NA	<ul> <li>□ Met</li> <li>○ Partially Met</li> <li>□ Not Met</li> <li>□ Not Applicable</li> </ul>

COA provided an electronic provider manual through its website that points to an old policy, which inaccurately states members must follow an oral request for an appeal in writing. This required step was removed from the federal regulations in December 2020.

#### **Required Actions:**

COA must remove the inaccurate statement in its Member Appeal Process policy that states that a member must follow an oral request for an appeal in writing.

## **Appendix C. Compliance Review Participants**

Table C-1 lists the participants in the FY 2022–2023 compliance review of COA.

HSAG Review Team	Title
Sarah Lambie	Senior Project Manager
Crystal Brown	Project Manager I
Lauren Gomez	Project Manager I
Heidi Oliver	Senior Project Manager
COA Participants	Title
Amanda Fitzsimons	Compliance Program Manager
Lydia Brogren	Senior Compliance Auditor
Jess Kelly	Compliance Specialist
Ward Peterson	Director of Enrollment and Child Health Plan (CHP)
Taylor Mitchell	CHP Program Manager
Lisa Hug	Director of Program Operations—Program Deliverable Operations
Cassidy Smith	Senior Program Director—Program Deliverable Operations
Gretchen McGinnis	Senior Vice President of Healthcare Systems and Accountable Care
Reyna Garcia	Senior Director of Customer Service
Elizabeth Foster	Manager of Customer Service
Lindsay Cowee	Senior Director of Behavioral Health Network Performance
Lisa Stellar	Manager of Behavioral Health Utilization Management
Thomas Mayo	Utilization Management Program Manager
Georgia Silver	Manager of Physical Health and Pharmacy Utilization Management
Jenine Fountain	Clinical Appeals Coordinator
Beth Coleman	Director of Provider Contracting
Anne Taylor	Provider Recruitment Program Manager
Marissa Kaesemeyer	Director of Provider Affairs
Jeni Sargent	Director of Member and Provider Data Integrity
Stacy Garza	Supervisor of Member Data Integrity

## Table C-1—HSAG Reviewers and COA and Department Participants

Department Observers	Title
Russell Kennedy	Quality Program Manager
Sandra Wetenkamp	Health Network Accountability Specialist
Matthew Pfeifer	Accountable Care Collaborative (ACC) Program Specialist
Jeff Helm	Program Manager
Amy Ryan	CHP+ Program Supervisor

## Appendix D. Corrective Action Plan Template for FY 2022–2023

If applicable, the MCE is required to submit a CAP to the Department for all elements within each standard scored as *Partially Met* or *Not Met*. The CAP must be submitted within 30 days of receipt of the final report. For each required action, the MCE must identify the planned interventions, training, monitoring and follow-up activities, and proposed documents in order to complete the attached CAP template. Supporting documents should not be submitted and will not be considered until the CAP has been approved by the Department. Following Department approval, the MCE must submit documents based on the approved timeline.

## Table D-1—Corrective Action Plan Process

Step	Action
Step 1	Corrective action plans are submitted
the final	able, the MCE will submit a CAP to HSAG and the Department within 30 calendar days of receipt of compliance review report via email or through the file transfer protocol (FTP) site, with an email on to HSAG and the Department. The MCE must submit the CAP using the template provided.
to achiev anticipate	element receiving a score of <i>Partially Met</i> or <i>Not Met</i> , the CAP must describe interventions designed ve compliance with the specified requirements, the timelines associated with these activities, ed training, monitoring and follow-up activities, and final evidence to be submitted following the on of the planned interventions.
Step 2	Prior approval for timelines exceeding 30 days
	CE is unable to submit the CAP proposal (i.e., the outline of the plan to come into compliance) within dar days following receipt of the final report, it must obtain prior approval from the Department in
Step 3	Department approval
Followin	g review of the CAP, the Department and HSAG will:
• Review	w and approve the planned interventions and instruct the MCE to proceed with implementation, or
	ct the MCE to revise specific planned interventions, training, monitoring and follow-up activities, documents to be submitted as evidence of completion and also to proceed with resubmission.
Step 4	Documentation substantiating implementation
(three mo evidence If any rev should no	MCE has received Department approval of the CAP, the MCE will have a time frame of 90 days onths) to complete proposed actions and submit documents. The MCE will submit documents as of completion one time only on or before the 90-day deadline for all required actions in the CAP. visions to the planned interventions are deemed necessary by the MCE during the 90 days, the MCE otify the Department and HSAG. CE is unable to submit documents of completion for any required action on or before the three-month
	, it must obtain approval in advance from the Department to extend the deadline.

Step	Action						
Step 5	Technical assistance						
calls/we determin	At the MCE's request or at the recommendation of the Department and HSAG, technical assistance (TA) calls/webinars are available. The session may be scheduled at the MCE's discretion at any time the MCE letermines would be most beneficial. HSAG will not document results of the verbal consultation in the CAP document.						
Step 6	Review and completion						
MCE as	ng a review of the CAP and all supporting documentation, the Department or HSAG will inform the to whether or not the documentation is sufficient to demonstrate completion of all required actions and ince with the related contract requirements.						
•	cumentation that is considered unsatisfactory to complete the CAP requirements at the three-month e will result in a continued corrective action with a new date for resubmission established by the ment.						
HSAG	AG will continue to work with the MCE until all required actions are satisfactorily completed.						

The CAP template follows on the next page.

## Table D-2—FY 2022–2023 Corrective Action Plan for COA RAE 3

Standard I—Coverage and Authorization of Services
□ Plan(s) of Action Complete
□ Plan(s) of Action on Track for Completion
□ Plan(s) of Action Not on Track for Completion
Requirement
11. The Contractor notifies the requesting provider and gives the member written notice of any decision by the Contractor to deny a service authorization request or to authorize a service in an amount, duration, or scope that is less than requested.
Note: Notice to the provider may be oral or in writing.
42 CFR 438.210(c)
Contract: Exhibit B-8—8.6.1 10 CCR 2505-10 8.209.4.A.1
Findings
In denial file #4, the member was not mailed an NABD letter.
Required Actions
COA must update its procedures to further delineate provider claims issues which are separate from member-related issues in which a service is denied or partially denied. Policies, procedures, and monitoring must be enhanced to ensure that the member is notified in writing of the denial or partial denial of a service.
Planned Interventions:
Person(s)/Committee(s) Responsible:

Training Required:

Monitoring and Follow-Up Activities Planned:

**Documents to Be Submitted as Evidence of Completion:** 

HSAG Initial Review:

**Documents Included in Final Submission:** 

**Date of Final Evidence:** 

 $\Box$  Plan(s) of Action Complete

 $\Box$  Plan(s) of Action on Track for Completion

 $\Box$  Plan(s) of Action Not on Track for Completion

#### Requirement

12. The Contractor adheres to the following time frames for making standard and expedited authorization decisions:

- For standard authorization decisions—as expeditiously as the member's condition requires and not to exceed 10 calendar days following the receipt of the request for service.
- If the provider indicates, or the Contractor determines, that following the standard time frames could seriously jeopardize the member's life or health, or ability to attain, maintain, or regain maximum function, the Contractor makes an expedited authorization determination and provides notice as expeditiously as the member's condition requires and no later than 72 hours after receipt of the request for service.

42 CFR 438.210(d)(1–2) Memo: HCPF FFS UM Policy Requirements for SUD Benefit—August 4, 2020

Contract: Exhibit B-8—8.6.6, 8.6.8 10 CCR 2505-10 8.209.4.A.3(c)

Findings

In denial file #8, COA did not make a denial decision within the required time frame.

## **Required Actions**

COA must enhance its monitoring procedures to ensure that all authorization decisions are made within required time frames.

## **Planned Interventions**:

**Person(s)/Committee(s) Responsible**:

Training Required:

Monitoring and Follow-Up Activities Planned:

**Documents to Be Submitted as Evidence of Completion:** 

HSAG Initial Review:

**Documents Included in Final Submission:** 

**Date of Final Evidence:** 

 $\Box$  Plan(s) of Action Complete

 $\Box$  Plan(s) of Action on Track for Completion

 $\Box$  Plan(s) of Action Not on Track for Completion

#### Requirement

16. The Contractor mails the notice of adverse benefit determination within the following time frames:

- For termination, suspension, or reduction of previously authorized Medicaid-covered services, as defined in 42 CFR 431.211, 431.213 and 431.214 (see below).
- For denial of payment, at the time of any denial affecting the claim.
- For standard service authorization decisions that deny or limit services, within 10 calendar days following the receipt of the request for service.
- For expedited service authorization decisions, within 72 hours after receipt of the request for service.
- For extended service authorization decisions, no later than the date the extension expires.
- For service authorization decisions not reached within the required time frames, on the date the time frames expire.

42 CFR 438.404(c) 42 CFR 438.210(d)

Contract: Exhibit B-8—8.6.3.1, 8.6.5–8.6.8 10 CCR 2505-10 8.209.4.A.3

## Findings

In denial file #4, COA did not mail the member an NABD letter.

## **Required Actions**

COA must update its procedures to further delineate provider claims issues which are separate from member-related issues in which a service is denied or partially denied. Policies, procedures, and monitoring must be enhanced to ensure that the member is notified in writing of the denial or partial denial of a service.

## Standard VI—Grievance and Appeal Systems

- $\Box$  Plan(s) of Action Complete
- $\Box$  Plan(s) of Action on Track for Completion

 $\Box$  Plan(s) of Action Not on Track for Completion

#### Requirement

- 35. The Contractor provides the information about the grievance, appeal, and State fair hearing system to all providers and subcontractors at the time they enter into a contract. The information includes:
  - The member's right to file grievances and appeals.
  - The requirements and time frames for filing grievances and appeals.
  - The right to a State fair hearing after the Contractor has made a decision on an appeal which is adverse to the member.
  - The availability of assistance in the filing processes.
  - The fact that, when requested by the member:
    - Services that the Contractor seeks to reduce or terminate will continue if the appeal or request for State fair hearing is filed within the time frames specified for filing.
    - The member may be required to pay the cost of services furnished while the appeal or State fair hearing is pending, if the final decision is adverse to the member.

42 CFR 438.414

Contract: Exhibit B-8—8.4

10 CCR 2505-10 8.209.3.B

### Findings

COA provided an electronic provider manual through its website that points to an old policy, which inaccurately states that members must follow an oral request for an appeal in writing. This required step was removed from the federal regulations in December 2020.

### **Required Actions**

COA must remove the inaccurate statement in its *Member Appeal Process* policy that states that a member must follow an oral request for an appeal in writing.

APPENDIX D. CORRECTIVE ACTION PLAN TEMPLATE FOR FY 2022–2023

Standard VI—Grievance and Appeal Systems
Planned Interventions:
Person(s)/Committee(s) Responsible:
Training Required:
Monitoring and Follow-Up Activities Planned:
Documents to Be Submitted as Evidence of Completion:
HSAG Initial Review:
Documents Included in Final Submission:
Date of Final Evidence:

## **Appendix E. Compliance Monitoring Review Protocol Activities**

The following table describes the activities performed throughout the compliance monitoring process. The activities listed below are consistent with the CMS EQR *Protocol 3. Review of Compliance With Medicaid and CHIP Managed Care Regulations: A Mandatory EQR-Related Activity*, October 2019.

For this step,	HSAG completed the following activities:
Activity 1:	Establish Compliance Thresholds
	Before the review to assess compliance with federal managed care regulations and Department contract requirements:
	• HSAG and the Department participated in meetings and held teleconferences to determine the timing and scope of the reviews, as well as scoring strategies.
	• HSAG collaborated with the Department to develop desk request forms, compliance monitoring tools, record review tools, report templates, agendas; and set review dates.
	• HSAG submitted all materials to the Department for review and approval.
	• HSAG conducted training for all reviewers to ensure consistency in scoring across MCEs.
Activity 2:	Perform Preliminary Review
	• HSAG attended the Department's Integrated Quality Improvement Committee (IQuIC) meetings and provided MCEs with proposed review dates, group technical assistance, and training, as needed.
	• HSAG confirmed a primary MCE contact person for the review and assigned HSAG reviewers to participate in the review.
	• Sixty days prior to the scheduled date of the review, HSAG notified the MCE in writing of the request for desk review documents via email delivery of the desk review form, the compliance monitoring tool, and review agenda. The desk review request included instructions for organizing and preparing the documents related to the review of the four standards and the review activities. Thirty days prior to the review, the MCE provided documentation for the desk review, as requested.
	• Documents submitted for the review consisted of the completed desk review form, the compliance monitoring tool with the MCE's section completed, policies and procedures, staff training materials, administrative records, reports, minutes of key committee meetings, and member and provider informational materials.
	• The MCEs also submitted lists denials, grievances, and appeals that occurred between January 1, 2022, and December 31, 2022 (to the extent available at the time of the review). MCEs submitted the lists to HSAG 10 days following receipt of the desk review request. HSAG used a random sampling technique to select records for the review. HSAG notified the MCE five days following receipt of the lists of records regarding the sample records selected.

Table E-1—Complia	nce Monitoring Review	w Activities Performed

For this step,	HSAG completed the following activities:	
	• The HSAG review team reviewed all documentation submitted prior to the review and prepared a request for further documentation and an interview guide to use during the review.	
Activity 3:	Conduct the Review	
	• During the review, HSAG met with groups of the MCE's key staff members to obtain a complete picture of the MCE's compliance with federal healthcare regulations and contract requirements, explore any issues not fully addressed in the documents, and increase overall understanding of the MCE's performance.	
	• HSAG requested, collected, and reviewed additional documents as needed.	
	• At the close of the review, HSAG provided MCE staff and Department personnel an overview of preliminary findings.	
Activity 4:	Compile and Analyze Findings	
	• HSAG used the FY 2022–2023 Department-approved Compliance Review Report template to compile the findings and incorporate information from the pre-review and review activities.	
	• HSAG analyzed the findings and calculated final scores based on Department- approved scoring strategies.	
	• HSAG determined opportunities for improvement, recommendations, and required actions based on the review findings.	
Activity 5:	Report Results to the Department	
	• HSAG populated the Department-approved report template.	
	• HSAG submitted the draft Compliance Review Report to the MCE and the Department for review and comment.	
	• HSAG incorporated the MCE and Department comments, as applicable, and finalized the report.	
	• HSAG included a pre-populated CAP template in the final report for all elements determined to be out of compliance with managed care regulations.	
	• HSAG distributed the final report to the MCE and the Department.
