

Dear Hospice Provider,

In compliance with Section 6411(a) of the Affordable Care Act, the Department of Health Care Policy & Financing (the Department) has contracted with Health Management Systems, Inc. (HMS) to serve as its Recovery Audit Contractor (RAC) to conduct post-payment reviews of claims submitted for fee-for-service and managed care services.

This is a federally mandated contract program. In February 2018, HMS began reviews to identify overpayments and assist the Department in recovering any overpayments made to providers for Health First Colorado (Colorado's Medicaid program) fee-for-service and Child Health Plan *Plus* (CHP+).

Hospice claims have recently been selected for a potential RAC review. Providers can attend training to learn about the RAC process and the HMS RAC Provider Portal. All hospice Chief Financial Officers (CFO), Medicaid Billing Managers, and Accounts Receivable Specialists are encouraged to attend.

HMS has a [pre-recorded training](#) to allow providers to participate when convenient.

Two webinars will also be available where the recording is played with time allowed for questions and answers.

Training Registration
