

Department of Human Services Tip Sheet: Clients Enrolled in Health First Colorado (Colorado's Medicaid Program)

Regional Accountable Entities – Contact Information

Regional Accountable Entities (RAEs) are responsible for promoting physical and behavioral health for individuals (members) enrolled in Health First Colorado. The RAEs contract and support a network of Primary Care Medical Providers (PCMPs) to serve as members' central point of care. In addition, the RAEs provide or arrange for the delivery of mental health and substance use disorder services. A RAE can help members connect with non-medical services through their health neighborhood. A RAE is assigned based on location of a member's PCMP. **DHS professionals can contact the RAE when a member needs help with things such as:**

- Understanding Health First Colorado benefits and finding their way around the health care system
- Finding a PCMP, behavioral health provider or specialist
- Getting answers to questions about health/wellness and learning about options
- Locating resources to help with needs such as food, housing, childcare and transportation for appointments
- Connecting to 1:1 clinical support from a RAE care coordinator
