SECTION 1: INTRODUCTION

The Colorado Department of Health Care Policy and Financing (the Department) is pleased to announce the opportunity to promote the health and welfare of low-income seniors by providing access to patient-centered dental care. Created by the Colorado legislature through Senate Bill 14-180, the Colorado Dental Health Care Program for Low Income Seniors (Senior Dental Program) started granting funds on July 1, 2015 to provide comprehensive dental and oral care services for economically disadvantaged seniors 60 years of age or older.

Area Agencies on Aging, community-based organizations or foundations, Federally Qualified Health Centers, safety-net clinics, health districts, local public health agencies, and private dental practices are encouraged to apply.

Contingent upon appropriation by the General Assembly, the annual funding for the Senior Dental Program is \$4,000,000. The initial contract term resulting from grant awards is one year: July 1 through June 30. Subject to available funding and contractor performance, the Department may renew the contract annually for up to three (3) additional years.

Grant funding must be used to provide dental services to adults who are 60 years of age or older, who are Economically Disadvantaged, who are lawfully present in the state, who do not qualify for Health First Colorado or the Old Age Pension Health and Medical Care Program, and who do not have private dental coverage.
