To whom it may concern: I am writing in support of the revision to the Medical Assistance Act Rule concerning Home Health Providers- section 8.520 to include Nurse Practitioners, Clinical Nurse Specialists, and Physician Assistants. Allowing all qualified practitioners to order these services in the State of Colorado is not only in line with the CARES Act, but improves access to essential and timely care for all Coloradans. As suggested by AANP, please consider changing the language from "Ordering Physician" to "Ordering Practitioner", as this is consistent with the CARES Act as well as provides additional clarity and is inclusive of all roles contained within.

If you have any questions regarding this submission, please do not hesitate to contact me.
Thank you for your time and attention.
