

Dear Provider,

[House Bill \(HB\) 21-1256](#), signed by Governor Polis on May 27, 2021, gives the Department of Health Care Policy & Financing (the Department) the authority to set rules designed to guide provider entities that operate predominately or solely via telemedicine. To that end, the Department needs to define, identify, and set policy for these Electronic Health Entities (E-Health Entities). In this session, stakeholders will be asked to provide feedback on a proposed definition and its alignment with current telemedicine business models.
