

CICP Communicates

COLORADO
Department of Health Care
Policy & Financing

"CICP Communicates" is a Department of Health Care Policy & Financing (Department) publication providing information on Colorado Indigent Care Program (CICP) policy, trainings and meetings.

Updated Uniform Application

An updated version of the Uniform Application is available for Hospital providers on the [CICP Provider Information website](#). This version corrects a handful of coding errors and incorporates changes that were requested by providers. It also has had all Hospital Discounted Care information removed or hidden to reduce any confusion patients and providers may have about when Hospital Discounted Care begins, which is Sept. 1, 2022.

If you find any errors at all in this application, please let us know as soon as possible by sending an email to hcpf_CICPCorrespondence@state.co.us. If something is not working for you, it is very likely not working for others.

Clinic providers should continue using Version 8.2 of the CICP Client application until July 1, at which time an updated Clinic application will be available.
