

COLORADO

Department of Health Care
Policy & Financing

Dear Provider,

The Colorado Department of Public Health and Environment (CDPHE) Immunization Branch manages the Vaccines for Children (VFC) program for the state of Colorado. CDPHE is launching a pilot program in collaboration with the Department of Health Care Policy and Financing (the Department) to enroll 5-10 pharmacies in Colorado's VFC program. CDPHE is currently working to develop the framework and evaluation plan for this program in anticipation of the launch in this summer. Refer to the [linked slides](#) for more information. Pharmacies who wish to provide feedback or express an interest in this pilot program should fill out the [survey](#) by close of business, Friday, July 21, 2023.

Contact Nicole.Ortiz@state.co.us with questions about VFC enrollment.

Contact Christina.Winship@state.co.us with any questions about Health First Colorado reimbursement for vaccines or vaccine administration.

Thank you,

Department of Health Care Policy & Financing
