

Dear Primary Care Provider,

Thank you for continuing to care for Health First Colorado (Colorado's Medicaid program) members. The Department of Health Care Policy and Financing is seeking your input to improve and expand the use of eConsults for Health First Colorado members. eConsults allow primary care providers to electronically consult with specialists for timely, coordinated patient care.

Your feedback is wanted even if you are using a different platform than the Colorado Medicaid eConsult Platform or if you have never submitted an eConsult.

[Complete this brief survey](#) by **November 21, 2025**, to help us understand:

- Current eConsult use
- Barriers to using eConsults
- Opportunities to improve provider support
